test

Data Quality Report

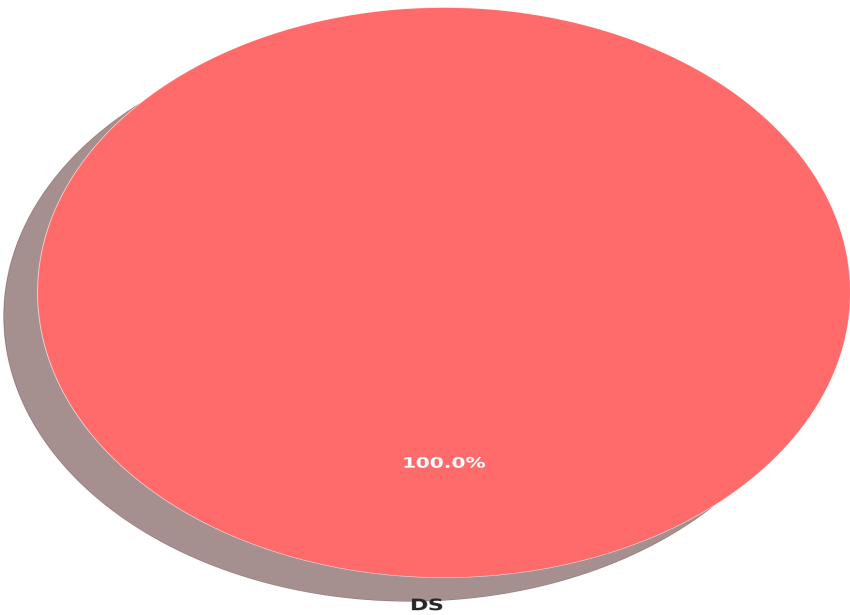

Data completeness: 100.0% complete

Student Overview

total_students	total_courses	avg_age
1.00	1.00	27.00

Course Distribution

Course Distribution

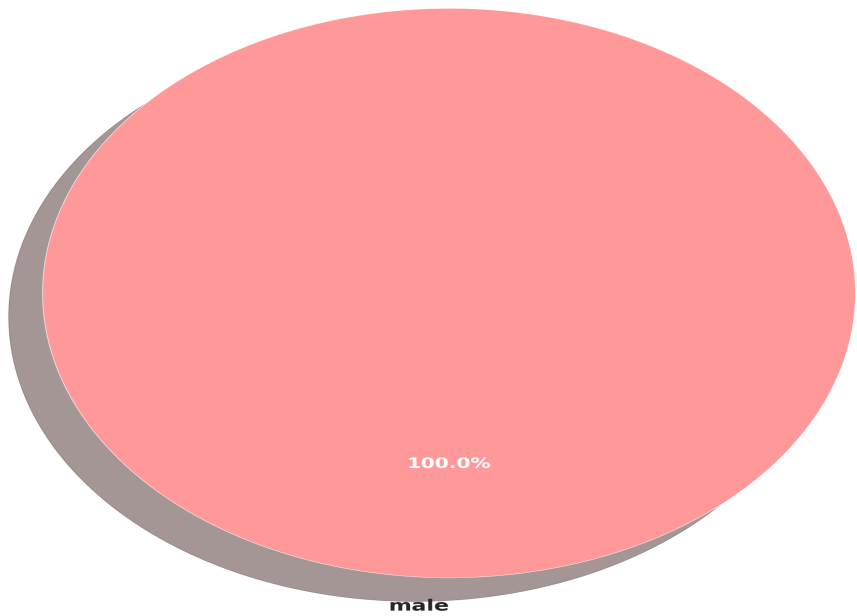

Total: 1

course	student_count
DS	1

Gender Distribution

Gender Distribution

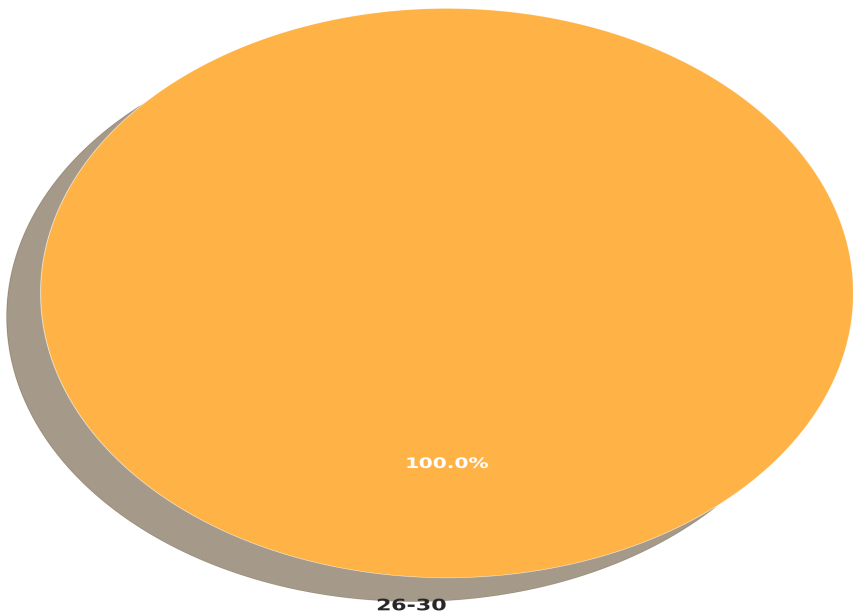

Total: 1

gender	student_count
male	1

Age Distribution

Age Distribution

Total: 1

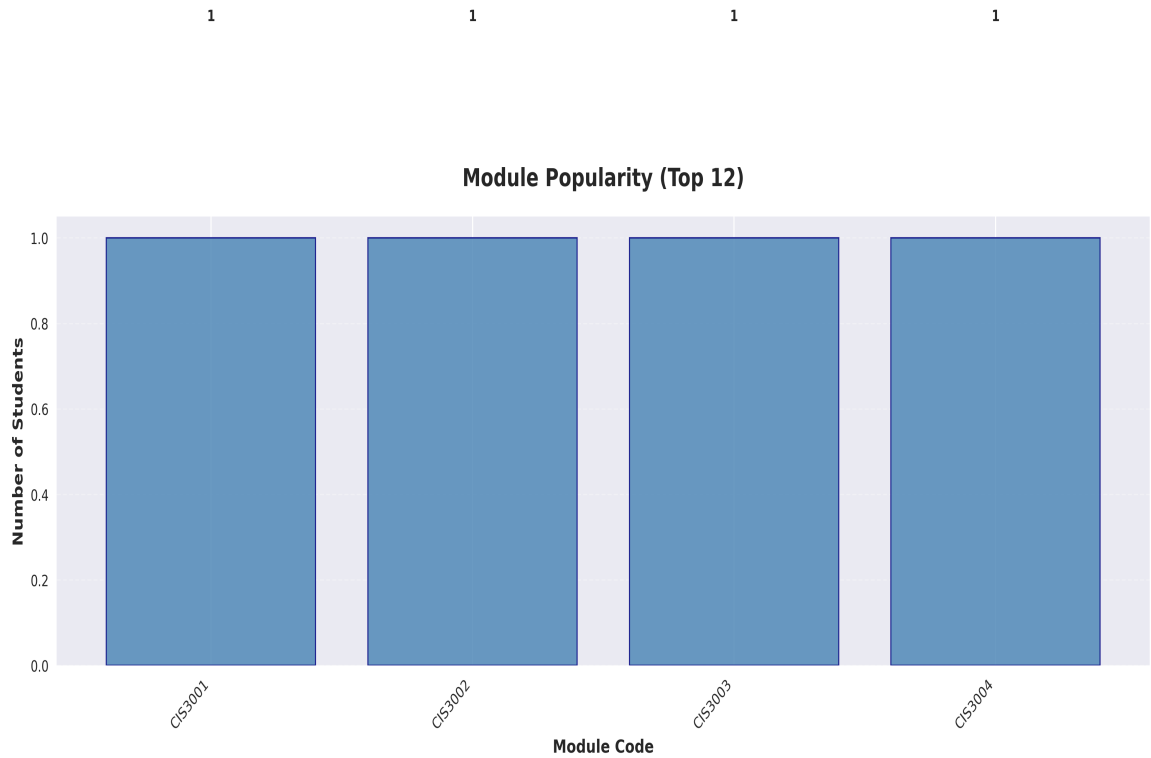

age_group	student_count
26-30	1

Registration Trends

registration_date	registration_count
2025-10-31	1

Module Popularity

module_code	module_name	student_count
CIS3001	data visualisation	1
CIS3002	an introduction to artificial intelligence in data science	1
CIS3003	an introduction to machine learning	1
CIS3004	statistical methods	1

Grade Distribution

No data available for this section.

Attendance Summary

No data available for this section.

Data Quality Report

No data available for this section.

Predictive Analytics

No data available for this section.

Correlation Analysis

student_id	age	course	module_count	avg_grade	attendance_records
5719605	27	DS	4	N/A	0

Anomaly Detection

No data available for this section.

Performance Benchmarks

course	student_count	avg_age	min_age	max_age
DS	1	27.00	27	27

Trend Analysis

date	course	daily_registrations	avg_age
2025-10-31	DS	1	27.00

Predictive Analytics

Model accuracy: 78.95%
Students at high risk of dropout: 1

Most important factors:

- Age: 0.452
- Attendance Rate: 0.203
- Module Count: 0.181
